

Z Squared Inc.
Up to 41,584,562 Shares of Common Stock

This prospectus relates to the offer and resale from time to time by the selling securityholders named in this prospectus (collectively, the "Selling Securityholders") of up to 41,584,562 shares ("Shares") of common stock, par value \$0.0001 per share (the "Common Stock"), of Z Squared Inc., a Delaware corporation ("we," "us," "our," or the "Company"). The shares of Common Stock offered by the Selling Securityholders are issued and outstanding as of the date of this prospectus and consist of 41,584,562 shares, including shares received by the former members of BSG Series CM, LLC in connection with, and following, the business combination described under "Prospectus Summary — The Business Combination" (the "Business Combination"), and shares issued in private placements exempt from registration under Section 4(a)(2) of the Securities Act of 1933, as amended (the "Securities Act"), and Rule 506(b) of Regulation D thereunder. See "Selling Securityholders" for additional information regarding the Selling Securityholders. Substantially all of the Shares offered hereby remain subject to the lock-up and leak-out restrictions described under "Prospectus Summary — The Business Combination," which restrict the timing, volume, and price of resales and expire on October 27, 2027, subject to earlier termination.

We are registering the shares for resale by the Selling Securityholders from time to time. We are not selling any securities under this prospectus and will not receive any proceeds from the sale of shares of Common Stock by the Selling Securityholders.

The Selling Securityholders may sell, under this prospectus, up to 41,584,562 shares of our Common Stock, constituting approximately 80.85% of our outstanding shares of Common Stock as of June 8, 2026. Sales of a substantial number of shares of our Common Stock in the public market by the Selling Securityholders, or the perception that those sales might occur, could increase the volatility of, and cause a significant decline in, the market price of our Common Stock and could impair our ability to raise capital through the sale of additional equity securities.

All of the securities offered in this prospectus by the Selling Securityholders may be resold for so long as the registration statement, of which this prospectus forms a part, is available for use. The sale of all or a portion of the securities being offered in this prospectus could result in a significant decline in the public trading price of our Common Stock. Substantially all of the Shares offered by this prospectus were received by the former members of BSG Series CM, LLC ("BSG") and remain subject to contractual lock-up and leak-out restrictions. Subject to limited exceptions, those restrictions prohibit resales unless the volume-weighted average price of our Common Stock over the preceding 10 trading days exceeds \$16.00 per share; limit resales in any calendar month to no more than one-eighteenth (1/18th) of the shares originally received and to no more than 5% of the average daily trading volume of our Common Stock over the preceding 10 trading days; prohibit short sales; and expire on October 27, 2027. All such restrictions terminate early if the closing price of our Common Stock exceeds \$35.00 per share for two consecutive trading days. See "Prospectus Summary — The Business Combination" and "Selling Securityholders."

We are registering the resale of the shares covered by this prospectus pursuant to registration rights held by certain of the Selling Securityholders. Our registration of the shares covered by this prospectus does not mean that the Selling Securityholders will offer or sell any of the shares registered for resale.

We will bear all costs, expenses and fees in connection with the registration of the shares of Common Stock. The Selling Securityholders may offer, sell or distribute all or a portion of their shares of Common Stock publicly or through private transactions at prevailing market prices or at negotiated prices. The Selling Securityholders will bear all commissions and discounts, if any, attributable to their respective sales of shares of Common Stock. We provide more information about how the Selling Securityholders may sell their shares of Common Stock in the section titled "Plan of Distribution."

Our Common Stock is listed on the Nasdaq Global Market under the symbol "ZSQR." On June 8, 2026, the Nasdaq official closing price of our Common Stock was \$10.08 per share.

Investing in our securities involves a high degree of risk. You should carefully review the risks and uncertainties referenced under the heading "Risk Factors" beginning on page 4 of this prospectus and in the other documents that are incorporated by reference into this prospectus before purchasing any of the shares offered by this prospectus.

Neither the Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is June 18, 2026.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This registration statement, of which this prospectus forms a part, contains forward-looking statements. All statements other than statements of historical fact contained herein, including statements regarding our business plans or strategies, projected or anticipated benefits or other consequences of our plans or strategies are forward-looking statements. Words such as “anticipates,” “assumes,” “believes,” “can,” “could,” “estimates,” “expects,” “forecasts,” “guides,” “intends,” “is confident that,” “may,” “plans,” “seeks,” “projects,” “targets,” and “would,” and their opposites and similar expressions, as well as statements in future tense, are intended to identify forward-looking statements. Forward-looking statements should not be read as a guarantee of future performance or results and may not be accurate indications of when such performance or results will actually be achieved. Forward-looking statements are based on information we have when those statements are made or our management’s good faith belief as of that time with respect to future events and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Important factors that could cause such differences include, but are not limited to:

- our ability to continue as a going concern and to obtain the financing necessary to fund our operations and growth strategy;
- our need to raise additional capital, which may not be available on acceptable terms or at all, including under our \$50 million committed equity facility;
- volatility in the prices of Dogecoin, Litecoin, and other digital assets, and in the price of our Common Stock, due to changes in the capital markets, our industry, or our capital structure;
- our ability to operate our digital asset mining infrastructure profitably, including in periods in which prevailing Dogecoin prices are below our estimated breakeven level, and the effect of changes in network difficulty, hash rate, and energy costs on our mining output and margins;
- the anticipated performance and useful life of our ASIC mining hardware fleet, the assumptions underlying the valuation of that fleet, and our plans for hardware upgrades or replacement;
- our ability to execute our strategy to expand into AI, high-density compute, data center, and power generation infrastructure, including our “acquire-and-convert” strategy and our publicly announced goal of developing approximately 100 MW of AI-ready inference capacity over an approximately 18-month period;
- our ability to execute on our acquisition strategy and integrate acquired businesses and assets successfully, including the proposed acquisition of SkyCore Digital LLC (“SkyCore”), and to consummate the related financing;
- our dependence on Minting Dome Inc. (“Minting Dome”) as our sole provider of hosting, power, and infrastructure services under our master services agreement, and the effect of any change in, or termination of, that arrangement;
- risks relating to the custody of our digital assets, including our reliance on third-party custodians;
- our ability to remediate the material weakness in our internal control over financial reporting and to maintain effective internal control and disclosure controls and procedures;
- our ability to retain key personnel and effectively manage growth;
- the effect of future sales of our Common Stock by the Selling Securityholders, including the former members of BSG Series CM, LLC, the lock-up and leak-out restrictions to which those shares are subject, and any effect on us of the pending SEC enforcement action to which our former principal stockholder is a party;
- risks associated with the digital asset mining and computing infrastructure industries, including competition, cyclicality, technological change, and concentration;
- the impact of economic conditions, inflation, and interest rate trends on our operations;
- the regulatory environment applicable to cryptocurrency mining, computing infrastructure, and power generation in the United States;
- potential disruptions due to cybersecurity incidents or system failures;
- risks associated with legal proceedings and compliance obligations;
- our ability to maintain the listing of our Common Stock on the Nasdaq Global Market; and
- other risks and uncertainties described in this prospectus, including those under the section entitled “Risk Factors.”

Should one or more of these risks or uncertainties materialize or should any of the assumptions made by the management of the Company prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements.

Except to the extent required by applicable law or regulation, the Company undertakes no obligation to update these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

PROSPECTUS SUMMARY

This summary highlights certain information from this prospectus and the documents incorporated herein by reference. It does not contain all of the information you should consider before investing. You should read this entire prospectus carefully, including "Risk Factors" and the financial statements and related notes incorporated herein by reference.

Z Squared Inc.

Z Squared Inc. ("Z Squared," the "Company," "we," "us," or "our") is a computing and digital infrastructure company. Our current operations consist primarily of digital asset mining focused on the generation of Dogecoin (DOGE) and Litecoin (LTC) through merged mining using Scrypt-algorithm ASIC hardware, conducted across six mining facilities located in North Carolina, South Carolina, and Iowa.

We are pursuing a strategic expansion of our business beyond digital asset mining and into artificial intelligence (AI) and high-density compute (HPC) infrastructure, data center development, and power generation. As the initial phase of this strategy, we have publicly announced a goal of developing approximately 100 MW of AI-ready inference capacity over an approximately 18-month period, which we intend to pursue principally through an "acquire-and-convert" strategy of acquiring existing sites and power and infrastructure assets and converting or developing them to support AI, HPC, and data center operations. We have limited or no operating history in these expansion business lines, and there can be no assurance that we will implement this strategy successfully or at all, or that it will achieve the results we anticipate.

Following the completion of the business combination described below (the "Business Combination") on April 24, 2026, Coeptis Therapeutics Holdings, Inc. ("Coeptis") changed its corporate name to Z Squared Inc. on April 27, 2026, and our Common Stock began trading on the Nasdaq Global Market under the symbol "ZSQR" on April 27, 2026 (previously trading under the symbol "COEP"). Our principal executive offices are located at 550 South Andrews Ave., Suite 700, Fort Lauderdale, Florida 33301; telephone: (954) 400-9994.

Our mining hardware fleet consists of 9,800 operational ASIC miners, including 8,228 Bitmain Antminer L7 units, 849 Bitmain Antminer L9 units, and 723 ElphaPex DG1+ units, which we acquired from BSG Series CM, LLC, a South Carolina limited liability company ("BSG"), at the closing of the Business Combination on April 24, 2026.

Our independent registered public accounting firm has expressed substantial doubt about our ability to continue as a going concern, and we expect to require substantial additional capital to fund the deployment and operation of our mining fleet. See "Risk Factors — Risks Related to Our Financial Condition and Going Concern."

THE BUSINESS COMBINATION

The Merger Agreement and the Merger. On April 25, 2025, Coeptis Therapeutics Holdings, Inc., a Delaware corporation (“Coeptis”), CP Merger Sub, Inc., a Wyoming corporation and wholly-owned direct subsidiary of Coeptis (“Merger Sub”), and Z Squared Inc., a Wyoming corporation, entered into an Agreement and Plan of Merger (as amended, the “Merger Agreement”). Pursuant to the Merger Agreement, on April 24, 2026 (the “Closing Date”), Merger Sub merged with and into the Wyoming Z Squared entity, which survived as a wholly-owned subsidiary of Coeptis and, pursuant to the articles of merger, changed its name to Z Squared OpCo Inc. (“OpCo”) (the “Business Combination”). On April 27, 2026, Coeptis amended its certificate of incorporation to change its corporate name to Z Squared Inc. (the post-Business Combination public parent company, referred to herein as the “Company,” “we,” “us,” or “our”), and on the same date the trading symbol for our Common Stock on the Nasdaq Global Market changed from “COEP” to “ZSQR.”

Merger Consideration. At the effective time of the Business Combination (the “Effective Time”), the former stockholders of OpCo received, in the aggregate, 43,877,497 shares of our Common Stock, representing the “Applicable Percentage” (as defined in the Merger Agreement) of our issued and outstanding Common Stock, calculated on a fully-diluted basis as provided in the Merger Agreement. The Business Combination was intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended.

Shares Outstanding. Following the Effective Time, we had 51,431,493 shares of Common Stock issued and outstanding.

Smaller Reporting Company Status

We are a “smaller reporting company” as defined in Rule 12b-2 under the Exchange Act. We may take advantage of certain scaled disclosure requirements available to smaller reporting companies for so long as (i) the market value of our voting and non-voting common equity held by non-affiliates is less than \$250 million measured on the last business day of our second fiscal quarter, or (ii) our annual revenues are less than \$100 million and such market value is less than \$700 million.

Accounting Treatment. The Business Combination is accounted for as a reverse merger under U.S. GAAP (ASC 805-40), with OpCo treated as the accounting acquirer for financial reporting purposes. Accordingly, the historical financial statements of OpCo, rather than those of Coeptis, are the historical financial statements of the Company for periods prior to the Business Combination, and our consolidated financial statements following the Business Combination reflect the assets, liabilities, and operations of OpCo, together with the operations of the combined company from the Closing Date. The audited financial statements and related management’s discussion and analysis of OpCo, and the unaudited pro forma condensed combined financial information giving effect to the Business Combination, are incorporated by reference herein from our Current Report on Form 8-K/A. Our Quarterly Report on Form 10-Q for the quarter ended March 31, 2026 reflects Coeptis on a standalone, pre-Business Combination basis and does not consolidate OpCo. As a result of the issuance of our Common Stock in the Business Combination, a change of control of the Company occurred on the Closing Date.

For a more complete description of the Business Combination, our corporate history, and our business operations, see “Incorporation of Certain Information by Reference” and “Where You Can Find More Information.”

Related Transactions — The Asset Contribution and the BSG Distribution. In connection with the Business Combination, BSG Series CM, LLC, a South Carolina limited liability company (“BSG”), contributed to OpCo a fleet of 9,800 ASIC miners pursuant to the Amended and Restated Asset-For-Share Exchange Agreement, dated June 24, 2025, between BSG Series CM, LLC and Z Squared Inc., as amended by the First Amendment to the Amended and Restated Asset-For-Share Exchange Agreement, dated February 10, 2026, as further amended by the Second Amendment to the Amended and Restated Asset-For-Share Exchange Agreement, between BSG Series CM, LLC and Z Squared Inc. dated April 23, 2026 (the “AFSA”) in exchange for shares of OpCo common stock. The AFSA ascribed a value of \$660,300,000 to the contributed fleet (the “Z Squared Asset Value”). Upon consummation of the Business Combination, the OpCo shares held by BSG were converted into shares of our Common Stock, and immediately following the Closing, BSG held 41,521,276 shares of our Common Stock, representing approximately 80.73% of our then-outstanding Common Stock. The issuance of the shares of our Common Stock to BSG in connection with the Business Combination was registered under the Securities Act on the Company’s Registration Statement on Form S-4 (File No. 333-288329). The shares of our Common Stock offered for resale under this prospectus were subsequently distributed by BSG to its members and are being registered for resale because they are not otherwise freely tradable in the hands of the Selling Securityholders. On April 30, 2026, BSG distributed all of its shares of our Common Stock, pro rata and for no consideration, to its members, following which BSG ceased to beneficially own any shares of our Common Stock and filed Amendment No. 1 to its Schedule 13D on or about May 15, 2026 reflecting the disposition. The shares of our Common Stock distributed by BSG, including certain of the shares being registered for resale under this prospectus, remain subject to the contractual lock-up and leak-out restrictions set forth in the AFSA. Those restrictions generally provide that, subject to specified exceptions: (i) no sales may be made unless the volume-weighted average price of our Common Stock over the preceding 10 trading days exceeds \$16.00 per share; (ii) for the 18-month period beginning April 27, 2026, a holder may sell in any calendar month no more than one-eighteenth (1/18th) of the total shares it received; (iii) sales in any calendar month may not exceed 5% of the average daily trading volume of our Common Stock over the preceding 10 trading days; (iv) no short sales of our Common Stock are permitted; and (v) the restrictions terminate if the closing price of our Common Stock exceeds \$35.00 per share for two consecutive trading days. See “Selling Securityholders” and “Risk Factors.”

The Spin-Out. On April 15, 2026, in connection with the Business Combination, Coeptis reorganized substantially all of the assets and liabilities of its legacy biopharmaceutical operations (other than its interest in GEAR Therapeutics, Inc. (“GEAR”)) into a newly formed, wholly-owned subsidiary, Coeptis Holdings, Inc. (“CHI”), in exchange for 100% of the equity interests in CHI. Immediately prior to the consummation of the Business Combination, Coeptis declared and effected a one-for-one pro rata distribution of its equity interests in CHI to Coeptis stockholders of record as of January 2, 2026 (the “Spin-Out”). As a result of the Spin-Out, the legacy biopharmaceutical operations are held by CHI and do not form part of our consolidated business following the Business Combination.

GEAR Therapeutics. We retained our subsidiary GEAR following the Business Combination. In consideration for that retention, Coeptis issued 1,000,000 shares of Common Stock to CHI and granted CHI an option to acquire GEAR at its fair market value at the time of exercise. The option becomes exercisable on October 24, 2026 and remains exercisable for 24 months thereafter, with the exercise price payable, at CHI’s election, in cash, in shares of our Common Stock, or a combination thereof.

Board of Directors and Management. On the Closing Date, all directors and executive officers of Coeptis serving prior to the Effective Time resigned, and the directors designated by OpCo were appointed to our board of directors effective upon consummation of the Business Combination. David

Halabu was appointed Chief Executive Officer and Brian Cogley was appointed Chief Financial Officer, and Ryan Schadel was appointed Chief Marketing Officer effective April 27, 2026. Our board of directors currently consists of four members: David Halabu, Adam Sohn, Bryan Fuerst, and Kenneth Cooper.

RISK FACTORS

You should carefully review and consider the following risk factors and all other information contained in this prospectus and in the documents incorporated herein by reference, including the financial statements and related notes, in evaluating an investment in our Common Stock. In particular, you should consider the risk factors and other information set forth in our Current Report on Form 8-K filed with the SEC on April 30, 2026, as amended, which contains a description of our business and risk factors relating to the combined company following the Business Combination, and in our subsequent filings with the SEC, each of which is incorporated by reference into this prospectus. The risks discussed below and in the documents incorporated by reference are not the only risks we face, and may not prove to be exhaustive; they are based on certain assumptions made by us that later may prove to be incorrect or incomplete. Additional risks and uncertainties not currently known to us, or that we currently deem immaterial, may also materially and adversely affect our business, financial condition, results of operations, or cash flows. If any of these risks actually occurs, the trading price of our Common Stock could decline, and you could lose all or part of your investment.

Risks Related to This Offering

We will not receive any proceeds from the resale of shares of Common Stock by the Selling Securityholders.

All of the Shares offered under this prospectus are being offered by the Selling Securityholders for their own account. We are not selling any Shares under this prospectus and will not receive any proceeds from the resale of Shares by the Selling Securityholders. See “Use of Proceeds.”

The resale of a substantial number of Shares by the Selling Securityholders, or the perception that such resales may occur, could cause the market price of our Common Stock to decline.

This prospectus registers the resale of up to 41,584,562 Shares, representing approximately 80.85% of our outstanding Common Stock as of June 8, 2026. The number of Shares being registered for resale is significant in relation to the number of shares of our Common Stock held by our non-affiliates and the historical trading volume of our Common Stock. The resale of these Shares into the public market, or the perception that such resales may occur, could cause the market price of our Common Stock to decline significantly and could impair our ability to raise capital through future sales of equity securities.

The Shares are subject to contractual lock-up and leak-out restrictions, and the expiration or termination of those restrictions could result in a significant number of shares becoming available for sale.

The Shares distributed by BSG to its members are subject to the lock-up and leak-out restrictions under the AFSA, which, subject to specified exceptions, limit the timing and volume of resales and prohibit sales below specified price thresholds. See “The Business Combination — Related Transactions.” These restrictions are scheduled to remain in effect through approximately October 27, 2027 and may terminate earlier if the closing price of our Common Stock exceeds \$35.00 per share for two consecutive trading days. Upon the expiration or termination of these restrictions, a substantial number of additional Shares would become available for sale in the public market, which could cause the market price of our Common Stock to decline.

Risks Related to Our Financial Condition and Going Concern

There is substantial doubt about our ability to continue as a going concern.

The report of our independent registered public accounting firm, Stephano Slack LLC, on the audited financial statements of OpCo, our accounting acquirer and predecessor for financial reporting purposes, as of and for the years ended December 31, 2025 and 2024, contains an explanatory paragraph expressing substantial doubt about the ability to continue as a going concern. Because the Business Combination is accounted for as a reverse merger with OpCo as the accounting acquirer, OpCo's financial statements are our historical financial statements for periods prior to the Business Combination. OpCo was a development-stage enterprise that had not commenced principal operations or generated revenue prior to the Business Combination; as of December 31, 2025 it had an accumulated deficit of approximately \$443 and, for the year then ended, incurred a net loss of approximately \$323. As of March 31, 2026, we had an accumulated deficit of approximately \$113,870,346 and, for the three months ended March 31, 2026, we incurred a net loss of approximately \$4,020,896. These conditions raise substantial doubt about our ability to continue as a going concern. Following the Business Combination and our acquisition of the mining fleet, we will require substantial additional capital to fund the deployment and operation of our fleet, and there can be no assurance that such financing will be available on acceptable terms. A failure to obtain sufficient capital could require us to reduce or cease operations. For the combined company's financial position and results of operations giving effect to the Business Combination, see the unaudited pro forma condensed combined financial information incorporated by reference herein.

We will require substantial additional funding to finance our operations and growth.

We are an early-stage company with a limited history of generating revenue. We believe that we will need to raise substantial additional capital to fund our continuing operations, fund hardware deployment, and execute our digital infrastructure strategy. Our ability to raise additional capital may be adversely impacted by our going concern status, our limited operating history, the volatility of cryptocurrency markets, and general economic and capital markets conditions. If we are unable to raise additional capital in sufficient amounts or on terms acceptable to us, we may have to significantly delay, scale back, or discontinue our operations or other initiatives.

Risks Related to Our Operations

We are an early-stage company with limited operating history as a computing infrastructure or digital asset mining company.

OpCo was incorporated in Wyoming in December 2022 and has a limited history of digital asset mining operations. We have not yet demonstrated the ability to operate our mining hardware fleet at scale, achieve profitability, or execute our broader computing infrastructure strategy. Our management team has limited experience in the digital asset mining and computing infrastructure industries.

The prices of Dogecoin and Litecoin are highly volatile, and a sustained decline in cryptocurrency prices could make our mining operations unprofitable.

Our mining revenues are denominated in DOGE and LTC, which we intend to convert to fiat currency or stablecoins promptly after receipt. Our breakeven DOGE price is estimated at approximately \$0.13 per DOGE (accounting for LTC revenue credit under network conditions prevailing during April 18–27, 2026) and approximately \$0.15 per DOGE on a DOGE-only basis. As of June 8, 2026, the most recent practicable date prior to the date of this prospectus, DOGE was trading at approximately \$0.085 per DOGE, which was below our estimated breakeven. If DOGE and LTC prices remain below our breakeven for an extended period, we may not be able to fund operations or continue as a going concern.

We are dependent on third-party mining pools for block reward distribution.

We intend to operate within mining pools managed by third-party operators, including pools such as EMCD, Antpool, and ViaBTC, though we have not finalized all pool arrangements. Pool fees are currently estimated at up to approximately 4% of gross mining revenue. If a mining pool charges higher fees, changes its reward methodology, or fails to properly credit our contributed hash rate, our revenues could be adversely affected.

Increases in Dogecoin and Litecoin network hash rate and mining difficulty may reduce our share of block rewards.

The Dogecoin and Litecoin networks automatically adjust mining difficulty to maintain target block times. If additional miners join the networks, network difficulty will increase, reducing our expected block rewards for the same amount of hash rate. We have no control over network difficulty.

We are entirely dependent on the Minting Dome Master Services Agreement (“MSA”) for our hosting, power, and operational infrastructure.

All of our digital asset mining operations are hosted under the MSA with Minting Dome. Minting Dome is the exclusive provider of hosting services, electrical power at \$0.088 per kWh, and operational infrastructure across all of our operating facilities. If the MSA is terminated, not renewed, or if Minting Dome is unable or unwilling to perform its obligations, we would lose access to our entire operating infrastructure.

Our ASIC mining hardware may become economically obsolete, and we may be unable to fund hardware replacements.

New-generation Scrypt miners are regularly introduced to the market, and as more efficient machines are deployed by competitors, our fleet’s proportional contribution to block rewards may decline. We may need to replace or upgrade our fleet, which requires substantial capital expenditure that we may not be able to fund.

The Z Squared Asset Value used to determine merger consideration assumed L9 machine performance; actual fleet performance differs.

The Z Squared Asset Value of approximately \$660,300,000, used as the basis for determining the merger consideration, reflecting an approximately 85%/15% split, was calculated on the assumption that all 9,800 machines in the fleet perform at or near the level of Bitmain Antminer L9 units. The actual fleet consists predominantly of L7 units that have been overclocked and firmware-optimized to approach near-L9 performance levels. If these optimization methods do not achieve the assumed performance or degrade over time, the actual economic value of the fleet may be materially lower than the \$660,300,000 valuation.

Our strategy to expand into AI and high-density compute infrastructure is at an early stage and may not be successful.

We have publicly announced our intention to evaluate and develop AI and high-density compute infrastructure businesses. These markets are highly competitive and rapidly evolving. We have no operating history in AI infrastructure, and there can be no assurance that we will be able to identify suitable opportunities, fund the necessary capital expenditures, attract customers, or generate profitable returns.

Risks Related to BSG Series CM and Related Party Concentration

BSG, our former principal stockholder, is a named defendant in SEC enforcement proceedings.

BSG, the entity from which we acquired our mining hardware fleet, beneficially owned approximately 80.73% of our outstanding Common Stock immediately following the closing of the Business Combination. BSG is currently a defendant in Securities and Exchange Commission v. David Feingold, et al., Case No. 1:25-cv-20436-DPG (S.D. Fla.). BSG is subject to regulatory monitoring and oversight pursuant to court orders issued in connection with that litigation. Our contractual and prior significant-ownership relationship with BSG may expose us to regulatory inquiries, demands from third parties, and reputational harm. If the lock-up or leak-out obligations applicable to BSG's former members are modified or overridden by court orders, those Shares could become available for resale in a manner that adversely affects our stock price.

BSG distributed its entire stake to its members on April 30, 2026; our largest holders are now BSG's former members.

On April 30, 2026, BSG completed a pro rata distribution, for no consideration, of all 41,521,276 shares of our Common Stock it held — approximately 80.73% of our outstanding Common Stock immediately following the Business Combination — to its members in accordance with their respective membership interests. Following the distribution, BSG no longer beneficially owns any shares of our Common Stock and has ceased reporting under Section 13(d), as reported in BSG's Amendment No. 1 to Schedule 13D filed May 15, 2026. The Shares are now held directly by BSG's former members, in each case subject to the lock-up and leak-out restrictions under the AFSA, which by their terms apply to all transferees of BSG. The SEC enforcement proceedings against BSG and David Feingold (SEC v. Feingold, No. 1:25-cv-20436-DPG (S.D. Fla.)) remain ongoing, and court orders in that action could affect the Shares now held by BSG's former members.

The resale of Shares by BSG's former members or other Selling Securityholders may cause the market price of our Common Stock to decline significantly.

BSG acquired its shares in exchange for the contribution of our mining hardware fleet, rather than for cash. As a result, BSG's former members and other transferees may have an effective cost basis substantially below recent market prices of our Common Stock, and may realize a positive return on the Shares even if the market price of our Common Stock is significantly below the price at which public investors purchased their shares. The availability of a large number of Shares for resale may suppress our stock price even before any actual sales occur.

Risks Related to Regulation and Legal Proceedings

Cryptocurrency mining is subject to evolving and uncertain regulatory treatment in the United States and internationally.

The legal and regulatory treatment of cryptocurrency mining is evolving rapidly. U.S. federal and state agencies, including the SEC, CFTC, FinCEN, IRS, and state banking and energy regulators, continue to develop their approaches to cryptocurrency and blockchain businesses. Regulation imposing taxes, restrictions, money services registration, AML/KYC obligations, or environmental requirements, or actions rendering DOGE or LTC a "security" subject to SEC registration requirements, could adversely affect our ability to operate.

The BSG Series CM enforcement proceedings could result in adverse court orders affecting our capital structure.

The SEC enforcement action against BSG Series CM and related defendants (SEC v. David Feingold, et al., Case No. 1:25-cv-20436-DPG) is ongoing. We cannot predict whether any court orders will restrict or modify the terms on which BSG's former members may hold or dispose of our Common Stock, or require disgorgement of proceeds from any sales.

Risks Related to the SkyCore Digital Acquisition

Our proposed acquisition of SkyCore may not close on the expected timeline or at all.

On April 28, 2026, we entered into a binding letter of intent to acquire SkyCore. The acquisition is subject to definitive documentation, customary due diligence, financing, and other conditions. There is no assurance that the acquisition will be consummated.

The proposed SkyCore acquisition is expected to be financed with Series B Preferred Stock, the terms of which have not been finalized.

We expect to finance the proposed SkyCore acquisition in part through a Series B preferred stock financing. The Series B Convertible Preferred Stock is expected to bear a dividend payable in cash or in kind at our election and to be convertible into our Common Stock, with definitive terms — including stated value, dividend rate, conversion price, redemption, and any holder put rights — to be set forth in the Series B certificate of designation when filed. If the Series B financing is not consummated on acceptable terms, we may not be able to fund the SkyCore acquisition.

Risks Related to Our Securities and Listing

Our Common Stock may be delisted from the Nasdaq Global Market if we fail to maintain listing standards.

We are an early-stage company with significant accumulated deficits, and we cannot assure you that we will be able to maintain compliance with all applicable Nasdaq listing standards. Delisting would reduce the trading market for our Common Stock and limit our ability to raise capital through equity offerings.

Our outstanding Warrants have exercise prices substantially above the recent trading price of our Common Stock, and there is no public trading market for our Warrants.

As of the date of this prospectus, we have outstanding (i) 375,000 Public Warrants exercisable in the aggregate for 187,500 shares of Common Stock at an exercise price of \$230.00 per share, each Public Warrant being exercisable for one-half of one share of Common Stock; (ii) 187,500 Private Placement Warrants exercisable in the aggregate for 187,500 shares of Common Stock at an exercise price of \$230.00 per share; and (iii) other Warrants exercisable in the aggregate for up to 570,105 shares of Common Stock at exercise prices ranging from \$12.00 to \$296.80 per share (with a weighted average exercise price of approximately \$31.71 per share) and expiration dates ranging from May 2026 through January 2030. Exercise prices and underlying share counts described in the foregoing clauses (i) and (ii) reflect the 20-for-1 reverse stock split effected by our predecessor, Coeptis Therapeutics Holdings, Inc., on December 31, 2024. Pursuant to the Merger Agreement, each Warrant outstanding immediately prior to the closing of the Business Combination on April 24, 2026 remained outstanding in accordance with its terms immediately following the closing.

The exercise prices of substantially all of our outstanding Warrants are significantly above recent trading prices of our Common Stock. Accordingly, our Warrants are unlikely to be exercised in the foreseeable future absent a significant increase in the trading price of our Common Stock, and we cannot assure investors that we will receive any material proceeds from Warrant exercises. In addition, on April 24, 2026, concurrently with the closing of the Business Combination, the Company filed a Form 25 with the SEC to voluntarily withdraw the COEPW Public Warrants from listing on the Nasdaq Stock Market pursuant to Rule 12d2-2 under the Exchange Act. The delisting became effective ten calendar days following such filing, on or about May 4, 2026, and deregistration of the COEPW Public Warrants under Section 12(b) of the Exchange Act will become effective 90 days following the filing of the Form 25, on or about July 23, 2026. As a result, there is no public trading market for any of our Warrants. Holders of Warrants may have limited liquidity for their Warrant positions other than through cash exercise (subject to the substantially out-of-the-money exercise prices) or, with respect to Private Placement Warrants and certain other Warrants, cashless exercise to the extent permitted by the applicable warrant agreement.

Our management has limited experience operating a public company.

Our executive officers have limited experience managing a company subject to the ongoing reporting and compliance requirements applicable to public companies. These requirements impose significant legal and financial compliance costs and may divert management attention from business operations.

If we fail to maintain effective internal control over financial reporting, our ability to accurately report our financial results may be impaired.

As disclosed in Part I, Item 4 of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2026, we are in the process of integrating accounting, treasury, custody, and operational systems into our internal control framework and expect to make significant changes to our internal control over financial reporting. We may identify material weaknesses or significant deficiencies. Our current principal executive officer and principal financial officer were appointed on or about April 24, 2026 and were not officers of the Company during the historical reporting period.

The GEAR Therapeutics, Inc. retained interest and the CHI option introduce structural uncertainty.

We retained our subsidiary GEAR Therapeutics, Inc. (“GEAR”). In connection with the Business Combination, Coeptis issued 1,000,000 shares of Common Stock to CHI and granted CHI an option to acquire GEAR for its fair market value, exercisable beginning October 24, 2026 for a period of 24 months. The ultimate disposition of GEAR introduces uncertainty into our consolidated balance sheet and earnings.

USE OF PROCEEDS

We will not receive any proceeds from the resale of shares of Common Stock by the Selling Securityholders pursuant to this prospectus. All of the Shares offered under this prospectus are being offered by the Selling Securityholders for their own account, and we will not receive any of the proceeds from such resales.

The Selling Securityholders will pay any underwriting fees, discounts, selling commissions, stock transfer taxes, and certain legal expenses incurred by them in disposing of their Shares, and we will bear all other costs, fees, and expenses incurred in effecting the registration of the securities covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees, and fees and expenses of our counsel and our independent registered public accountants.

DIVIDEND POLICY

We have never declared or paid any cash dividends on our Common Stock and we do not currently intend to pay any cash dividends on our Common Stock in the foreseeable future. We expect to retain all available funds and future earnings, if any, to fund the development and growth of our business. Any future determination to pay dividends on our Common Stock will be at the discretion of our board of directors and will depend on, among other factors, the terms of any outstanding preferred stock, our results of operations, financial condition, capital requirements, and contractual restrictions.

DETERMINATION OF OFFERING PRICE

We cannot currently determine the price or prices at which shares of Common Stock may be sold by the Selling Securityholders under this prospectus. The Selling Securityholders may sell all or a portion of their Shares through public or private transactions at prevailing market prices, at prices related to prevailing market prices, or at negotiated prices. See “Plan of Distribution.”

SELLING SECURITYHOLDERS

This prospectus relates to the resale from time to time by the Selling Securityholders of up to 41,584,562 Shares. The Shares were issued and are outstanding as of the date of this prospectus and consist of shares received by the Selling Securityholders in connection with, and following, the Business Combination, including shares distributed by BSG to its former members. We are registering the Shares to permit the Selling Securityholders to offer them for resale from time to time. See “Plan of Distribution.”

The following table sets forth, with respect to each Selling Securityholder, (i) the number of shares of Common Stock beneficially owned prior to this offering, (ii) the maximum number of Shares that may be offered for resale by the Selling Securityholder under this prospectus, and (iii) the number of shares of Common Stock to be beneficially owned by the Selling Securityholder assuming the sale of all of the Shares offered hereby. The information in the table is based on information supplied to us by or on behalf of the Selling Securityholders and is current as of the date of the respective information was submitted to us by such Selling Securityholders.

Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act, and includes shares of Common Stock with respect to which a Selling Securityholder has sole or shared voting or investment power. The percentages of beneficial ownership are based on 51,431,493 shares of Common Stock outstanding as of June 8, 2026. The fourth and fifth columns assume the sale of all of the Shares offered by each Selling Securityholder pursuant to this prospectus, although each Selling Securityholder may sell some, all, or none of its Shares. We do not know how long the Selling Securityholders will hold the Shares before selling them, and, except as described in the footnotes to the table or elsewhere in this prospectus, we currently have no agreements, arrangements, or understandings with the Selling Securityholders regarding the sale of any of the Shares.

Substantially all of the Shares offered by the Selling Securityholders were received by the former members of BSG in the pro rata distribution described under “Prospectus Summary — The Business Combination” and remain subject to the lock-up and leak-out restrictions under the AFSA. Those restrictions, subject to limited exceptions, prohibit resales unless the volume-weighted average price of our Common Stock over the preceding 10 trading days exceeds \$16.00 per share; permit resales in any calendar month of no more than one-eighteenth (1/18th) of the Shares originally received by such holder and no more than 5% of the average daily trading volume of our Common Stock over the preceding 10 trading days; prohibit short sales of our Common Stock; and remain in effect through October 27, 2027, subject to earlier termination if the closing price of our Common Stock exceeds \$35.00 per share for two consecutive trading days. The number of Shares any Selling Securityholder may sell in any period may therefore be substantially less than the number of Shares registered for resale on its behalf under this prospectus. The shares of our Common Stock offered by the Selling Securityholders were originally issued to BSG in the Business Combination in a transaction registered under the Securities Act on Form S-4 (File No. 333-288329), and were distributed by BSG to its members. We are registering the resale of those shares under this prospectus.

Except as set forth in the footnotes to the table below or as otherwise disclosed in this prospectus, none of the Selling Securityholders has held any position or office with, or has otherwise had any material relationship with, us or any of our predecessors or affiliates within the past three years, other than as a holder of our securities. The Shares offered hereby remain subject to the lock-up and leak-out restrictions described under “The Business Combination — Related Transactions” to the extent applicable to the holder thereof. Unless otherwise indicated, the business address of each of the selling stockholders listed below is C/O BSG Series CM LLC 211 Main Street, Greenville, SC 29601.

PLAN OF DISTRIBUTION

We are registering the Shares to permit the resale of the Shares by the Selling Securityholders from time to time after the date of this prospectus. We will not receive any proceeds from the resale of the Shares by the Selling Securityholders.

The Shares may be sold or distributed from time to time by the Selling Securityholders directly to one or more purchasers or through brokers, dealers, or underwriters who may act solely as agents, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices, or at fixed prices, which may be changed. The term "Selling Securityholders" includes donees, pledgees, transferees, or other successors in interest selling Shares received after the date of this prospectus from a Selling Securityholder as a gift, pledge, partnership or limited liability company distribution, or other transfer. The Shares may be sold by one or more of the following methods:

- ordinary brokers' transactions;
- transactions involving cross or block trades;
- through brokers, dealers, or underwriters who may act solely as agents;
- "at the market" into an existing market for our Common Stock;
- in other ways not involving market makers or established trading markets, including direct sales to purchasers or sales effected through agents;
- in privately negotiated transactions; or
- any combination of the foregoing.

In order to comply with the securities laws of certain states, if applicable, the Shares may be sold only through registered or licensed brokers or dealers. In addition, in certain states, the Shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the state's registration or qualification requirement is available and complied with.

The Selling Securityholders and any broker-dealers or agents that are involved in selling the Shares may be deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the Shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. A Selling Securityholder that is deemed an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain liabilities and statutory restrictions, including under Rule 10b-5 and Regulation M under the Exchange Act. Certain of the Selling Securityholders are registered broker-dealers. Each of Eddie R. Fischer Revocable Trust DTD 1-24-75 and Phoenix Financial Services Distribution Account has advised us that it is a registered broker-dealer. Because these Selling Securityholders are registered broker-dealers, they are, under the position of the SEC, deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act with respect to the resale of their Shares. Each of these Selling Securityholders has represented to us that it received the Shares in the ordinary course of business and, at the time it acquired the Shares, did not receive the Shares as compensation for investment banking or other services and had no agreements, plans, or understandings, directly or indirectly, with any person to distribute the Shares. Certain other Selling Securityholders have advised us that they are affiliates of registered broker-dealers. Each such Selling Securityholder has represented to us that it acquired the Shares in the ordinary course of business and, at the time of acquisition, had no agreements, plans, or understandings, directly or indirectly, with any person to distribute the Shares. To the extent we are made aware that any such Selling Securityholder did not acquire its Shares in the ordinary course of business or had, at the time of acquisition, any such agreement, plan, or understanding, we will file a post-effective amendment to the registration statement of which this prospectus forms a part to designate such person as an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act.

Brokers, dealers, underwriters, or agents participating in the distribution of the Shares may receive compensation in the form of commissions, discounts, or concessions from the Selling Securityholders and/or from the purchasers of the Shares for whom such broker-dealers may act as agent. The compensation paid to any particular broker-dealer may be less than or in excess of customary commissions. Neither we nor the Selling Securityholders can presently estimate the amount of compensation that any agent will receive.

Except as described in this prospectus, we know of no existing arrangements between any Selling Securityholder and any other stockholder, broker, dealer, underwriter, or agent relating to the sale or distribution of the Shares.

We may from time to time file with the SEC one or more supplements to this prospectus or amendments to the registration statement of which this prospectus forms a part to amend, supplement, or update information contained in this prospectus, including, if and when required under the Securities Act, to disclose certain information relating to a particular sale of Shares by a Selling Securityholder, including the names of any brokers, dealers, underwriters, or agents participating in the distribution of such Shares, any compensation paid by the Selling Securityholder to any such brokers, dealers, underwriters, or agents, and any other required information.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

We will pay all expenses incident to the registration of the Shares, including, without limitation, registration and filing fees, Nasdaq fees, and the fees and expenses of our counsel and our independent registered public accountants. The Selling Securityholders will bear all underwriting fees, discounts, selling commissions, stock transfer taxes, and certain legal expenses, if any, incurred by them in disposing of the Shares. We estimate that the total expenses of the offering will be approximately \$112,802.

Certain of the Selling Securityholders, including the former members of BSG, hold Shares that are subject to the lock-up and leak-out restrictions under the AFSA, which, among other things, prohibit short sales of our Common Stock and limit the timing, price, and volume of resales. See "The Business Combination — Related Transactions." Resales of such Shares pursuant to this prospectus remain subject to those restrictions to the extent applicable to the holder thereof.

We have advised the Selling Securityholders that they are required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes the Selling Securityholders, any affiliated purchasers, and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security that is the subject of the distribution until the entire distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the Shares.

This offering will terminate on the date that all Shares offered by this prospectus have been sold by the Selling Securityholders, or such earlier date on which the registration statement of which this prospectus forms a part is no longer effective or available for use.

Our Common Stock is listed on the Nasdaq Global Market under the symbol "ZSQR." On June 8, 2026, the closing price of our Common Stock was \$10.08 per share.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly, and current reports, proxy statements, and other information with the SEC. The SEC maintains a website that contains reports, proxy and information statements, and other information about issuers, such as us, that file electronically with the SEC. The address of that website is <http://www.sec.gov>.

Our website address is <http://www.zsquaredinc.com>. There we make available, free of charge, through the investor relations section of our website, annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after we electronically file such material with the SEC. The information on our website, however, is not, and should not be deemed to be, a part of this prospectus. All website addresses in this prospectus are intended to be inactive textual references only.

This prospectus is part of a registration statement on Form S-1 that we filed with the SEC. This prospectus does not contain all of the information set forth in the registration statement and the exhibits to the registration statement. The registration statement, its exhibits, and the documents incorporated by reference into this prospectus and their exhibits all contain information that is material to the offering of the securities hereby. Whenever a reference is made in this prospectus to any of our contracts or other documents, the reference may not be complete, and you should refer to the exhibits that are a part of the registration statement for a copy of the contract or document. You may inspect a copy of the registration statement and its exhibits through the SEC's website, as provided above.

INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC's rules allow us to "incorporate by reference" information into this prospectus, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is deemed to be part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. This prospectus is part of a registration statement on Form S-1 filed pursuant to General Instruction VII of Form S-1.

We incorporate by reference into this prospectus and the registration statement of which this prospectus is a part the documents listed below (in each case, excluding any information contained therein to the extent "furnished" and not "filed") that we have filed with the SEC under File No. 001-39669 (CIK 0001759186):

- our Current Report on [Form 8-K](#) filed with the SEC on April 30, 2026, and our Current Report on [Form 8-K/A](#) filed with the SEC on June 1, 2026, in each case reporting the Business Combination and related transactions and including the description of our business, the audited financial statements of Z Squared OpCo Inc., and the unaudited pro forma condensed combined financial information giving effect to the Business Combination;
- our Current Reports on Form 8-K filed with the SEC on [January 16, 2026](#), [February 4, 2026](#), [February 12, 2026](#), [April 8, 2026](#), [April 24, 2026](#), [April 28, 2026](#), [May 1, 2026](#), [May 21, 2026](#), [May 22, 2026](#) and [June 4, 2026](#) (excluding, in each case, any information furnished under Item 2.02 or Item 7.01 and any related exhibits furnished under Item 9.01); and
- the description of our securities set forth under the heading "[Description of Capital Stock](#)" in our Current Report on [Form 8-K](#) filed with the SEC on April 30, 2026, including any amendment or report filed for the purpose of updating that description.

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 describes the biopharmaceutical business conducted by the Company prior to the Business Combination, substantially all of which was contributed to Coeptis Holdings, Inc. and distributed to the Company's stockholders in the Spin-Out, and includes the historical financial statements of Coeptis Therapeutics Holdings, Inc. As a result of the Business Combination, which is accounted for as a reverse merger under which Z Squared OpCo Inc. is the accounting acquirer, the operative business of the Company is the business of OpCo, and the historical financial statements of the Company are those of OpCo. Accordingly, the historical financial statements of Coeptis Therapeutics Holdings, Inc. and the related report of its independent registered public accounting firm included in the Annual Report on Form 10-K are modified and superseded for purposes of this prospectus, and you should rely on the information set forth in our Current Reports on Form 8-K filed April 30, 2026 and Form 8-K/A filed June 1, 2026, and our Quarterly Report on Form 10-Q for the quarter ended March 31, 2026, each of which is incorporated by reference herein. To the extent any information in the Annual Report on Form 10-K is inconsistent with information in those later-filed documents, you should rely on the later-filed documents, which modify and supersede the Annual Report on Form 10-K.

In addition, all documents subsequently filed by us pursuant to Sections 13(a), 13(c), 14, or 15(d) of the Exchange Act after the date of the initial registration statement and prior to the effectiveness of the registration statement, and all such documents filed after the date of this prospectus and prior to the termination or completion of the offering (in each case, excluding any information furnished rather than filed), shall be deemed to be incorporated by reference into this prospectus and to be a part hereof from the respective dates of filing of such documents.

Any statement contained in this prospectus or in a document incorporated or deemed to be incorporated by reference into this prospectus will be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement contained in this prospectus or in any other subsequently filed document that is deemed to be incorporated by reference into this prospectus modifies or supersedes such statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus.
